The Honorable Rosa DeLauro  
Ranking Member  
House Appropriations Committee  
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the City of La Habra Foothill Zone Consolidation Water Project in Fiscal Year 2026. The entity to receive funding for this project is the City of La Habra located at 110 E. La Habra Boulevard, La Habra, CA 90631.

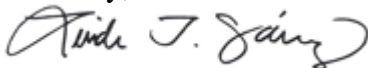

This critical infrastructure project will enhance the reliability and sustainability of water supply in the Foothill Zone which serves a significant portion of La Habra, which faces increasing issues due to aging pipelines, fluctuating pressure zones, and system inefficiencies. This project would address these challenges by modernizing water distribution networks. This project is a good use of taxpayer funds because it aligns with the mission of the STAG program to ensure that water quality and service remains at local, state and federal standards. In addition to ensuring safety to the public, the project helps deliver a critical municipal service.

The project has a Federal nexus because it is consistent with the purposes authorized by Section 1452 of the Safe Drinking Water Act (42 U.S.C. §300j-12).

Lastly, I certify that neither I nor anyone in my immediate family have a financial interest in this project.

Thank you for your consideration of this request.

Sincerely,

Member of Congress
